

Ada County 4-H/FFA Resale Swine Lottery Registration

A lottery will take place for market swine whose buyer has opted for Resale option (they do not take possession of the animal). People who wish to participate must register with the Premium Office to purchase an animal(s) through a random drawing. The following conditions apply:

- Participants do not get to choose any specific animal. Swine will be randomly drawn and assigned to names on the list until all animals are drawn or requested quantity is reached, whichever is first.
- Participants are not guaranteed an animal. Participants who draw an animal will be required to accept the animal. Ada County Market Livestock Sale committee members will phone participants that draw animal(s) the day after the sale. Participants not contacted in that time frame did not draw an animal(s).
- Participants are responsible for all costs associated with butchering. Participants must choose a butcher from the list at the bottom of this page and will pay the butcher directly for butcher services. Animal(s) will be delivered to the chosen butcher below for no additional charge.
- Butcher will contact participants that were drawn for cut and wrap instructions.
- Participants may sign up for multiple animals but will only receive multiples after all names on the list have received one animal.
- Participants agree to pay market value price (live animal weight times the set price per pound stated below) of animal(s) drawn.
- Participants who do not provide their complete billing address and phone number will not be part of the lottery.
- Participants who received an animal will be billed by the Ada County Livestock Sale committee for the market value price.
- **Payment due in full upon receipt of invoice.**

2017 Market Value Price = \$.65/lb. live weight

Name: _____ Home/ Cell Phone _____
